

# First Light

Dustin Tebbutt

I'm looking up  
To where these stars still shine for you  
I'm looking up

I'm looking up  
Beyond a crescent moon  
I'm looking up

I'm looking up  
For a way to bring you home  
Cause I'm lost without you

Your eyes at first light  
Now I know that's wonderful  
Your heartbeat's a wild fire  
I'm in as far as one can fall  
I'm in as far as one can fall

I'm looking up  
To where we carved our names in stone  
And I was all around you

I'm looking up  
For the star that you've become  
And I know I've found you  
That's how I know I've found you  
That's how I know I've found you

Your eyes at first light  
Now I know that's wonderful  
Your heartbeat's a wild fire  
I'm in as far as one can fall

Come on first light  
Come on first light  
Give me first light  
Yeah, yeah, yeah, yeah  
Come on first light  
Come on first light

Come on first light  
Come on first light  
I see first light  
Yeah, yeah, yeah, yeah  
Come on first light  
Come on first light

Your eyes at first light  
For the stories that I told  
Your heartbeat's a wildfire  
You're in as far as one can fall  
I'm in as far as one can fall

I'm looking up  
To where these stars still shine for you  
I'm looking up

I'm looking up  
For a way to bring you home  
Cause I'm lost without you
