

In Too Deep

Dustin Tebbutt

Floating weightless
I'm far
Drift away from the surface
Now
Cause it's the real thing that were holding in our arms
A shot
Eyes travel in circles
Like star lights

I'm into deep
With you
Now we're in trouble
Still holding brave cause it's best
Down here in the grotto
Hope still in your eyes
Until the edges of thought
Traveling daily
To the valley love

You pull me under
You pull me under
I fall
I'm in too deep with you
And now I'm in trouble
Still holding brave cause despairs
Down hear in the bottom
I'm in too deep with you
And now I'm in trouble
[?] and we will
Down hear at the bottom
