

Another Night

Dusty Springfield

Find me a rose
That never fades and dies
And I'll show you a man
Who never, ever cheats and lies

Find me a star and if you can prove
The star you've found just never disappears
I'll show you a man
Who'll never, never ever, ever bring you tears

Another night, when I'm all alone
Another night without him
Another night, when I stay at home
And worry so about him

Oh, I love him
And my love makes me cry
I need him
If he doesn't come back, I know I'll surely die

Find me a cloud
That never brings you rain
And I'll show you a man
Who never, ever brings you pain

Find me a bird and if you can prove
The bird you've found has wings and still can't fly
I'll show you a man
Who'll never, never, ever, ever leave you high and dry

Another night, when I'm all alone
Another night without him
Another night, when I stay at home
And worry so about him

Oh, I love him
And my love makes me cry
I need him
If he doesn't come back, I'll die

And he'll never, never, never
Never leave you high and dry

Another night, when I'm all alone
Another night without him
Another night, when I stay at home
And worry so about him

Another night, another night, yeah
I'm so alone, baby, another night
I can't stand it, ah, I can't stand it
