

## Be Right Back

Dutch Uncles

You talk about it  
Reason off the ground  
Such a strong lead, we're sophisticated now  
I worked hard for days for what you had to have  
Just doing bad things, I can't predict to that

You said: I know it, I think I know it  
You said he knows that it's there, right  
He's coming back, he's coming back, he said  
He said he'd be right back but he didn't

But he didn't  
And so I wager, I see no escalators  
Maybe it's a staircase, a real fire exit  
It's what it takes to get there and if you doubt it  
It could be more expensive  
Just take a look around  
You can see that you're naked

If that's a cold case, a reason off the ground  
You say: My dear should love you anyhow  
The good people, can you see through it?  
And so you must defy, who you're spending with?

But he didn't  
And so I wager, I see no escalators  
Maybe it's a staircase, a real fire exit  
It's what it takes to get there and if you doubt it  
It could be more expensive  
Just take a look around  
You can see that you're naked

That's a cold case, estranged to be found,  
To judge each other, the color and the sound  
The good people staying off the grass  
But good old people  
Leaving it to chance

You said: I know it, I think I know it  
You said he knows that it's there, right  
He's coming back, he's coming back, he said  
He said he'd be right back but he didn't
