Dutch Uncles

'Cause when you put it in the dance

I see it, you are my plans

you can hold my hand

I feel it, do you understand?

'Cause when you put it in the dance

I see it, you are my plans

you can hold my hand

I feel it, do you understand?

I was waiting on your muscle, make you stand

and if that makes use a man, I sing you for man

you the man

'Cause when you put it in the dance

I see it, you are my plan

you can hold my hand

I feel it, do you understand?

'Cause when you put it in the dance

I see it, you are plan

you can hold my hand

I feel it, do you understand?

We used to walk you and ride it

but maybe something tonight would take it's place,

take it's place.

don't be touching so, 'cause I'm love it too in the heart

the times where we come from, couldn't lose in blue.

'Cause when you put it in the dance

I see it, you are my plan

you can hold my hand

I feel it, do you understand?

'Cause when you put it in the dance

I see it, you are plan

you can hold my hand

I feel it, do you understand?

We understand
