

Steadycam

Dutch Uncles

Hold my steadycam,

Hold my steadycam,

Who wants my steadycam?

Keep a thicker hand.

Keep your thicker hand close,

Make your figure last

Its not about to change (4x)

(Live low, live low)

There's no order in your mind,

The water's in your mind.

(Live low, live low)

There's no water in your eyes,

But what is on your mind?

Keep your thicker hand,

Make your figure last.

You keep your thicker hand,

My figure lasts

For my bigger love.

Its not about to change (4x)

(Live low, live low)

There's no order in your mind,

The water's in your mind.

(Live low, live low)

There's no water in your eyes,

But what is on your mind?

I'm fixed over one eye.

I'm fixed over one line.

Hold my steadycam

Hold my steadycam

(Live low, live low)

There's no order in your mind,

The water's in your mind.

(Live low, live low)

There's no water in your eyes,

But what is on your mind? (2x)

Its not about to change (4x)
