

Bando Diaries

Dutchavelli

(Big Zeeko)

Look

I can tell you 'bout bando diaries
I never done 419 or fraud
Nokia phone and a Lyca sim
In the whip with Kash and I'm goin' up North
I straight drop crack in boiling water
Who woulda thought rap would open doors? (Doors)
Retaliation is a must
When I buck my opps, there's no remorse (There's no remorse)

Of course he ain't caught no corpse (Yeah)
I ain't tryna go back and forth
Look death in the eye when I slap this torch
Kev just phoned, said he just relapsed
And my soldier's broke so he's back on board
And the pigs ain't got no manners
Have you seen what they did to the bando door?
Jeezy, that's a violent member
You violate him? That could start a war
All of this chinging and splashing and dippin'
Soon as I get it crackin', they start to talk
I've been in this game since '003
Imagine all the snitchin' that I've seen in court
If you was in my position, you'd be whippin' up raw
The richer gettin' richer while the poorer get poor (Yeah)

Retaliation is a must
When I buck my opps, there's no remorse ('morse)

The things that I've done with Jeezy, I pray that it never gets seen in court
No face, no case (No face, no case)
I do it bare face, gotta see me abroad (Yeah)
My shorty wants Christian Dior
I made her whip majj with a kitchen fork (Brrt)
Fireman, he on demon time
Need a extendo, no extension cord (Yeah)
As a kid, no, I never liked goin' to school
Fell in love with money and guns
The war with the other side can't get squashed
Till all of them drop, the beef ain't done
Opp in a spliff or 41
Either way, something's gonna have to get bun
Ever since "Dem man", all I hear is "Dem man"
I know dem man'll wanna hear my song (Velli)
