

Done With Singing

Dutchavelli

I'm, I'm done, done with singing these songs
I bet it don't feel so good when you see me on stage and the fans all singing along
I got on my knees and I prayed to God
Forgive me for all my wrongs
Someone that I knew, that's all it was
Sometimes gangsters fall in

Broke up like I thought we would
'Cah nothing don't last forever
You favourite slogan is "For Life"
I guess, that'll make it better
When something is broken, it ain't easy to put it back together
Mum warned me about a broken heart
I guess, that I was still tempted
When I told you that I got you and I love you, girl, I meant it
I was speeding in the fast lane
Feels like my brain's having a haemorrhage
They say memories don't die like people do but I'm still tryna forget this
I still wish you the bestest
We was ever so young and reckless
Ah, I cross my heart and I hope I die
I hope I die, I hope I die
If, you ain't never told no lie (Ah, ha)
You hate it when I don't reply
I still left you to your own device (I did)
Left you to go multiply but you still came back 'cause you know I tried

I'm, I'm done, done with singing these songs
I bet it don't feel so good when you see me on stage and the fans all singing along
I got on my knees and I prayed to God
Forgive me for all my wrongs
Someone that I knew, that's all it was
Sometimes gangsters fall in

Fuck that, I keep balling, I'm in a trap where they keep calling
It used to be love but now it's all fucked up, I don't know what to call it
I told you if you stayed ten toes down, probably woulda got you the mortgage
Back and forth, I'm getting exhausted
I'm putting up with these points you're scoring
Used to be me that'd push you away 'til you pushed me away
Now, I can't ignore it
I hate you, I love you, I fucking hate you
I told you 'I love you' before the chorus
Don't want you to cry
That's why I told you a lie
It ain't like I won't be here in the morning
Pray God fix these broken wings
I'll holler at you when I'm back from touring
It's 'Velli
