Vraag het maar een hard, madafack

Man, watch how I swerve this Rover
You ever see jump out gang with the toaster
Better not run when the gang pull up
Gunshot, make you move like robot
Bad ting came through in Pretty Little Thing
Said she wan' wear my choker
I been hittin' them cells from hand to hand
My objective is get rich off cocoa

How many man have been poked in the face? (Poker face)
I ain't talkin' broker
I'm in the kitchen where I'm whippin' out magic
I sell fish scale, I ain't talkin' over ya
Tell the opps that the beef's on sight
Soon as I pree them, man pop like Cola
I told man that it's five .44's
'Cah I don't do 419 like Fola
Just call me if you need a brick
I deliver to your door like the pizza man
I know screaming "Free bro" won't free 'em
I'm still screamin', I gotta free the gang
I was hittin' cells on dem, move bold
My neighbours called police on man
I was tryna feed the fam
It's been years since I've seen my dad

Man, watch how I swerve this Rover
You ever see jump out gang with the toaster
Better not run when the gang pull up
Gunshot, make you move like robot
Bad ting came through in Pretty Little Thing
Said she wan' wear my choker
I been hittin' them cells from hand to hand
My objective is get rich off cocoa

My objective is get rich off Coke
I ain't goin' back broke
I met a real plug in Venezuela
So, you know from where he's supposed to send the boat
Pissed, you shot your shot and you missed
When we spin back through, man, it ain't a joke
Twin pack dots, that's sawn off shotty
Don't try run up if I come up close
Free Beezy, that's a violent member
Violate him and we turn man ghost
Man, S road bop with smoke
You can end up dead when the dawgs approach
VVS diamonds flooded the wrist
It's 360 when I scrape the bowl
Came so far from being in jail
Just to get right here is a bumpy road

Man, watch how I swerve this Rover
You ever see jump out gang with the toaster
Better not run when the gang pull up

Gunshot, make you move like robot
Bad ting came through in Pretty Little Thing
Said she wan' wear my choker
I been hittin' them cells from hand to hand
