

Brigade  
Take your time, take your time  
MKThePlug  
Come on, Sapphire Beatsz  
S Road bop to the marsh with B-eezy  
Plug don't do consign, but I still come back with like two at a time

On an estate, see the boydem enter  
Put the thing in the bin like Brenda (Yeah)  
Don't ask 'bout Jeezy B-eezy, that's a violent member (Trust)  
Thousand grams in the presser  
One phone call, that's goin' up Leicester  
Ever had a cat OD off a tester?  
Can't cope with all this pressure (Pressure)  
Split in the middle (Yeah, trust)  
Trust, and let a badman get in the centre  
I ain't got no strap in this ride  
Can't talk for my boy on the back of the Vespa  
Circle the ends like the Royal Mail  
Then it's back to the lab like Dexter  
Surely, surely  
Left wrist, that's more than forty  
Free all my pagans, I wish they die  
I love it when an opp gets fried like Morley's  
Go sleep with the baddest shorty  
Cah I got a ghost like Power that haunts me (Yeah)  
Neck, back and chest, I got countless ride out stories  
It's Dutch from the fifth  
I'll still slide through the 6 like Aubrey (Yeah)  
I was in a cell lookin' at life thinking that I should have done fraud with  
Courtney (Yeah)  
Tell my ex "Delete my number" (Yeah)  
I got a new ting, you can't call me  
I got Keisha, I got Becky  
I got Henny, that's an orgy (Yeah)  
Five-hundred for the brand new shotty  
Scales tryna take my money  
18Hunna for the new rusty  
I wish a man would try bump me (Trust)  
Turn off that phone, it's back to gliding  
Turn on that phone, it's back to country  
I got love for my plug in O  
Cah he trust me, but don't trust me  
I just got two in the arm, but I need me a hundred bricks like Bumpy (Yeah)  
Somebody gon' die when the guys dem S Road bop, don't get too comfy (Bop)  
Approach with caution, don't you know bro let it go like the undies?  
Pull up on them like "Yo, nobody move, it's a robbery"

Take your time, take your time  
Bad gyal, bend your back and then whine  
Oh my God, look at that bumper  
I just wanna know if that pum pum's mine  
S Row bop to the marsh with B-eezy, slap two out the.9  
Plug don't do consign, but I still come back with like two at a time

Look, I don't need no distractions (Nope)  
Any time that I load this cannon

Still gotta get in that petrol bath  
Last time my skin had an allergic reaction (Pissed)  
Has your gun ever jammed on a glide?  
Pissed, so you stood there tapping  
Has your Mum ever cried at night 'cause she heard that her son got nicked for a slapping?  
Surely, surely  
This music thing wasn't for me  
Let a man mention my name in a song  
I'll be back with the threes with shorty (Free Shorty)  
I put in that work for the gang  
Can't call in sick when I'm poorly  
I spill juice, with my toolie  
Red wine like UB40 (Baow)  
The place that I'm from in Clapton  
Nothing but guns and stabbings  
Feds ask questions, get no answers  
"Officer, I don't know what happened"

Take your time, take your time  
Bad gyal, bend your back and then whine  
Oh my God, look at that bumper  
I just wanna know if that pum pum's mine  
S Row bop to the marsh with B-eezy, slap two out the.9  
Plug don't do consign, but I still come back with like two at a time  
Take your time, take your time
