

Hear me, the fuck talk in the streets  
Hear me  
Man's from the 5th side  
You hear me, Eastside la, la, la  
Alright Let's go  
(Big Zeeko)

I'm like, "Baby, welcome to my party"  
Not a Range, not a Rari  
You could be sneaking like an Illuminati  
Fuck on a bad bitch like she Cardi (Ah)  
Fucking me then bring your army  
I got a big gun in my Versace (Let's go)  
Cash, money, that's my dargy (Gang)  
Press a button on this car key (Look)

Baby, welcome to my Wraith  
Got a Range, not a Wraith  
No stars in the ceiling, the roof panoramic  
You look up and you can see space  
I got the sauce drippin' off my lace (Yeah)  
Marijuana in my place  
Wanna get high and pour the 48  
Wanna do a line, I got that Ricky Lake  
I'm like, "Baby, welcome to my trap"  
I can not whip unless I barricade  
Whip me a four, turn another pack  
Leave that by the window, let that marinate  
I'm like, "Baby, welcome on my waves"  
I ain't got no money in the safe  
I got my money tied up in this, yea  
I take a loss somebodies gotta pay
