Duwap Kaine

(Lil Stack)

2018, I know these bitches burnt out
I see a opp tell him run down
Big gun, nigga, don't get gunned down
See twelve man I gotta run now
Big racks, that's just how we come now
Smoking mid, lil' boy put your blunt out
I'm on the block, nigga, we hear them gun sounds
Talking that shit like that's what you about
Bro wanna hit my blunt that's out
Posted on the block in the south
Broke ass nigga be running his mouth

You niggas be stuck in a house
Fuck it up nigga without a doubt
Flexin' hard, nigga I don't need trials
.223 bullets make his face break out
Yo' bitch say she wanna make out
I'm with the shit, man, my head never out
How you loving that bitch that I'm finna kick out
Stuck on the block but I had to move out
Fuck the opps, I don't wanna hang out
Finna hit me a lick and I need to look out
I quit the lean nigga I'm in a drought
I'm selling that pack but I'm not a sellout
He tried to treat me like a ho, nigga
I can never be a broke, nigga
I'm taking y'all as a joke, nigga
Trap nigga with some hope, nigga
Hopped out with the pole, nigga
I hop out with yo' hoe, nigga
Big racks can't fold, nigga
I can never break the code
I hit licks I want mo', nigga
I'm the plug like MexikoDro, nigga
Light up that shit I'm smoking on Dro, nigga
Still in the field even though it's cold, nigga
I'm whipping my wrist, I'm whipping the bow, nigga
I need like 3k for a show, nigga
