Duwap Kaine

I ain't never been through the struggle
Pop a nigga up, like a bubble
And I don't trust these niggas, they want me to fumble
I ain't talkin' cookie, .40 make you crumble
And these niggas, they really want me to fall down
They only mad 'cause I'm gettin' cash now
Remember standin' on the corner sellin' bricks and pounds
Now I got a whole Ki' I don't want yo' ounce

Watch these bullets bounce
Comin' through yo' hood, watch them bullets bounce
And if a nigga try me, then he's goin' down
Posse on the news, that's a man down
It's a freestyle I do not write nothin'
I be on the block and In the club I be stuntin'
If a nigga wanna play, boy I got my K
And if he does shit to my face, he die the next day

I ain't never been through the struggle
Pop a nigga up, like a bubble
And I don't trust these niggas, they want me to fumble
I ain't talkin' cookie, .40 make you crumble
And these niggas, they really want me to fall down
They only mad 'cause I'm gettin' cash now
Remember standin' on the corner sellin' bricks and pounds
Now I got a whole Ki' I don't want yo' ounce
