Baby girl pour up that purple rain  
And I'ma make you cum til you strain  
And that's only if you want it

Too many hoes on my phone now she really think that I'm strange

Met her ass at the Deli, yeah let me get six wings  
Plus I wanna piece of you, suck up your juices with my fangs  
She love that is just me, I don't gotta be in no gang
