Damn
Damn I used to be a thief
Yeah, now I get money in my sleep
Yeah, a whole lotta money nigga preach
Yeah, I been fuckin' yo hoe to that peaches and cream
Yeah, I'ma fuck on yo hoe now she joinin' the team
Fuckin' yo hoe now she buyin' me lean
She bustin' up she do it for me
I count up the money I count up the green
Niggas really think that I'm green
These hoes really think I'm green
Baby girl do it all for me
They fuckin' with you, have to scrap with me
God protect me from enemies
God you know I'll get on my knees
Just to pray to the higher power lovin' me
Just to get to where I'm at, baby please, yeah
I been doin this shit for so long (so long)
Tell that lil' ho "so long"
She fell in love with all of my songs
Baby girl
Why won't you answer my calls
She talkin' to me
She want me to see how desperate she be
She'll kill over me
That's how it's supposed to be
Baby can you marry me?
Put your pride to the side and cherish me
Baby girl you're the key to my Lamborghini
Your wish is my command I'm your fuckin' genie

Genie, genie, genie
Get yo ass up out of here
Nigga
