Say you gettin' to the guap, man I fucking doubt it

Nigga say he got them bands, pull 'em out and count it
Can't fuck with' a fake nigga, I just don't allow it
And I-And I know these niggas sad, man these niggas childish
I'ma have to get the bag 'cause I'm really 'bout it
And you know I got that Louis bag when I wear my outfit
And I got Supreme on the tag, it's not from the outlet
Pull up and you know I'ma swag, told that bitch I'm stuntin'
I just like to flex I don't brag, ballin' yeah I'm dunkin'
Smokin' on this dub, you took a Xan now you in the sunken
And I whip the pot when I'm high, I don't need a pumpkin
And I swear to God I'm so high I'm thinkin' 'bout nothin'
H-Have you ever got so high you thought about jumpin'
Every time I get on the beat you know I gotta punch It
On OG Gas with my heart, it leave my heart pumpin'

You don't know-You don't know about it
You don't know about it
You don't know about-You don't know about it
Gettin' to the money, you don't know about it
Y-You don't know about it
Y-You don't know about it
You don't know about it
Gettin' to the money, you don't know about it
