

## Reap What You Sow

Duwap Kaine

Long live Goon  
Free D too  
Long live all my bros  
Free anybody out that ho  
Lil D, he come through bangin' fire  
I know lil' bro gon' slide for mine  
On that southside, we slangin' .9's  
Swear this a safe just to cry  
Swear you don't ever gotta lie  
I swear these fuck boys really pie  
Always will never tie  
Was a bad but a wise guy  
Don't think I'm like that, come and try  
Got guns, no reason that I buy  
'Cause most these fuck niggas really on time  
Tryna go back, I can't rewind  
I got your back and you got mine  
Stayed in the hood, stayed gettin' high  
They see them boys, won't let it fly  
my gun, give him high five  
I think I love doin' high speeds  
I think she all in love wit' me  
Baby, you just in love wit' the seats  
This car got peanut butter seats, in that Maybach, lil' nigga  
I can't even get you Uber Eats  
Somebody DoorDash me a P  
My boys'll hurt you off a tweet, you better watch what you speak  
We workin' hard, no PPP's  
Told Saks to keep that damn receipt  
Ain't takin' it back, this shit wit' me  
I put it on and put it to sleep  
Whatever you sow, just know you reap
