

# The Benjamin Franklin Love Story

Duwap Kaine

I be on some foolish shit  
But I get money when it come in  
I've been getting money bitch  
Fendi socks so I'm finna fuck your bitch  
These bitches really think you a lick  
These bitches don't even care about shit  
These bitches lowkey just want dick  
I swear these bitches ain't talking 'bout shit  
They ain't talking 'bout a bitch-ass think, they ain't talking 'bout shit  
Niggas really name drop a lot, talk about you like a bitch  
Thirty clip just hanging out and it's long like Jay Critch  
You don't get what you want all the time, I swear life is a bitch  
I swear life is a bitch  
Riding round with a new bad bitch everyday, it's a switch  
Everyday it's a new bad bitch on my line, what is this?  
Bitches want a nigga because I'm rich  
Can't believe that you thought this was this  
Have you high smoking on cannabis  
I robbed the plug and I know he was pissed  
AKs out boy, we get it lit  
I don't care who you shot at you still a bitch, boy  
My niggas still in the hood with them bricks, boy  
My niggas still in the hood just like Illinois  
I'm in the hood, I'm giving out chores  
You know that I hang around from the boys  
You know that I really had no choice  
I know you was up my goddamn  
Baby girl come fill my void  
Throw some Ds on that bitch like rich boy  
I feel like Wiz Khalifa, We Dem Boyz  
We know you niggas don't want no smoke, nah  
Just shut your mouth then, don't make no noise

I-I might be in love  
With Ben Franklin  
My only friend  
Oh my God  
I-I might be in love  
With Ben Franklin  
My only friend  
Oh my God  
I-I might be in love  
With Ben Franklin  
My only friend  
Oh my God

And I'm all about rackaids  
Was in the street, never was bitch made  
I'm keeping a stick, not a switchblade  
These niggas be snitching, they got bitch ways  
I'm in that kitchen, I'm making a quick play  
Like drinking lean but I like D'USSE  
When she off D'USSE, she just do what I say  
Spending a band, we spinning his block, I give my shooters a K  
If they lock me and interrogate, I won't give them away  
Riding around with a dirty Drac', waiting for a fuck-nigga to play  
Got this AR in my lap while riding around, I play it safe

I-I might be in love  
With Ben Franklin  
My only friend  
Oh my God

With Ben Franklin
