

After Hours

DVBBS

You can meet me after hours

I'm not gonna lie
I like it when you call me late at night
I get a little rush that I can't deny
I can't deny

Don't get it twisted
I can take care of myself
But You're hitting different
You could be bad for my health
Now keep it a secret
Shouldn't be creeping
But tonight I'll let it go

You can meet me after hours
Ain't nobody gotta know know know
I'll show you my superpowers
If you keep it on the low low low

I'm not trying to fight
And maybe you could be my kryptonite
I'm never going to tell you, you're all mine
You're all mine
You're all mine

Don't get it twisted
I can take care of myself
But You're hitting different
You could be bad for my health
Now keep it a secret
Shouldn't be creeping
But tonight I'll let it go

You can meet me after hours
Ain't nobody gotta know know know
I'll show you my superpowers
If you keep it on the low low low

You can meet me after hours
