

Antidote

DVBBS

Woo-ooh, woo-ooh
You're my antidote, you're my

We can't run faster than the bullet
We're under fire, under fire, under fire
Feels like we're going through the motions
With no emotion (with no emotion)

So if you're falling hard, you can fall right in my arms
Easy one to love, yeah, easy one to call
I'd lose it all, I'd lose it all for you
All for you

Woo-ooh, woo-ooh
You're my antidote, you're my antidote
Woo-ooh, woo-ooh
You're my antidote, you're my antidote

You said, put your hands on my heart and tell me what you feel
I got so high from you, a queen appeared in pearls
I wonder why it's so hard to exist inside your world
I just want to let you know that

If you're falling hard, you can fall right in my arms
Easy one to love, yeah, easy one to call
I'd lose it all, I'd lose it all for you
All for you

Woo-ooh, woo-ooh
You're my antidote, you're my antidote
Woo-ooh, woo-ooh
You're my antidote, you're my antidote
Woo-ooh, woo-ooh
You're my antidote, you're my antidote
Woo-ooh, woo-ooh
You're my antidote, you're my antidote

Woo-ooh, woo-ooh
Antidote, you're my antidote
