

## Body Mind Soul

DVBBS

I can't believe  
You done me like this  
This energy  
It make my head spin  
Up and down, all around  
Don't know what this is  
But you started it

First you touched my body  
Set fire to my mind  
Something in my soul's  
Holding onto you tonight  
Nothing's gonna stop me  
From chasing down the high  
No matter where we go  
You got my, Body Mind Soul

I can't believe  
I'm hooked on your line  
You bring the heat  
Make my temperature rise  
Up and down, all around  
Don't know what this is  
But you started it

First you touched my body  
Set fire to my mind  
Something in my soul's  
Holding onto you tonight  
Nothing's gonna stop me  
From chasing down the high  
No matter where we go  
You got my, Body Mind Soul
