Cozee

DVBBS

Baby I've been thinkin'
How many times I've tried
To fight this feeling inside

Let's get cozy,
Get to know me,
I'm such a bad dude adderall
Swimming down the coast
In my six foot
Got me drippin' like a nose bleed
Adderall, adderall
Love is at the rock, adderall
Love is at the rock, yeah

I just need a bad girl,
Roll out with the sunrise
Just one look in her eyes
Can't get her out of my mind, mind

I just need a bad girl,
Stay up with me all night
Hot as cold as on ice
Disappear when the sun rise

Feel that weekend cozee (cozy)
Anything you want, you'll never be lonely (lonely)
Wrap you in my arms I'll be your only (only)
Only, woah yeah

Don't need no coding
You got me floating

Let's get cozy,
Get to know me,
I'm such a bad dude adderall
Swimming down the coast
In my six foot
Got me drippin' like a nose bleed
Adderall, adderall
Love is at the rock, adderall
Love is at the rock, yeah

I said I need a bad girl,
True love I need this sad girl,
Can you come over now girl,
Don't tell me when you go
And babe when you leave me alone,
I don't wanna know, know
So give me all your cozy
And we can sip on some rosie
You can leave me in the morning (let's get)

Till' then we can get cozee (cozy)
Anything you want, you'll never be lonely (lonely)
Wrap you in my arms I'll be your only (only)
Only, woah yeah

Don't need no coding
You got me floating

Let's get cozy,
Get to know me,
I'm such a bad dude adderall
Swimming down the coast
In my six foot
Got me drippin' like a nose bleed
Adderall, adderall
Love is at the rock, adderall
Love is at the rock, yeah (Don't need no coding
You got me floating)

Let's get
