

Say you wanna live lost  
Say you wanna be free  
Baby, running out of time is it really baby?  
I'll meet you 'cause all you wanna play is to foul on me  
On me, but I never wait long, I move on to what I need

I get my way, get on my way  
Switch my place, I'm on my way, yeah  
No mistakes, I know the stakes, yeah  
I don't show face, I keep my pace, yeah  
I don't show face, I keep my pace, yeah  
I get my way, get on my way, yeah  
I don't show face, I keep my pace, yeah  
I get my way, get on my way, yeah  
I get my way, get on my way, yeah  
I get my way, get on my way, yeah, yeah  
She on my way, she on my way, yeah yeah  
I get my way, get on my way

Gone crown, now I am down on my knees  
As we, I don't talk down I just want what I need  
Only, at the one time as she go on my way  
Losing control all that  
Bullshit gets all over you

I get my way, get on my way  
Switch my place, I'm on my way, yeah  
No mistakes, I know the stakes, yeah  
I don't show face, I keep my pace, yeah  
(Go psycho babe)  
I get my way, get on my way, yeah  
I get my way, get on my way, yeah  
She on my way, she on my way, yeah
