DVBBS

Listen, yeah

I hope you listen closely  
Girl, don't act like you still know me  
Tellin' lies to all your friends  
You know the truth is that you want me, want me  
Are in me, you are in me, yeah  
Yeah, yeah, yeah yeah yeah  
Oh yeah, oh yeah  
Ooh

I'm taking longer than ever 'cause I love writin' new stuff  
Uncomplicated communication, just settin' me up  
I'm up and comin', I'll never stop runnin', givin' it up  
I fell in love with the plan, I'm never makin' it up  
I go to second page on money that I found in my bank stashed  
I'm halfway from my heart racin' the snap back  
I already know, I'll take you where you wanna go  
Just follow the noise and we can start up the show

Listen, yeah  
Oh  
Listen, yeah  
Oh

You gon' hit me when I'm through, what's new, what's new

You gon' hit me when I'm through, what's new, what's new

Oh, oh

I hope you listen closely  
Girl, don't act like you still know me  
Tellin' lies to all your friends  
You know the truth is that you want me, want me  
Are in me, you are in me, yeah
