

# Loyal

DVBBS

I don't believe in love  
I just believe in us  
I don't believe in love  
I just believe in trust  
I just believe in us

Baby, loyal to you, baby, means you  
Got my love  
Means you got my trust  
(You got my trust, yeah)  
Loyal to you, baby, means you  
Got my love  
Means you got my trust

I don't really feel it when you got my love  
I just a need a girl that will light my blunt  
I've been loyal to you (Loyal to you, baby)  
You've been trippin let's have some fun  
No pressure, when we on the run  
Trust means that you got this love

'Cause baby  
Bonnie, Clyde, you're my ride or die  
But lately  
I'm just tryna vibe, cruise through the night  
So save me  
I ain't gonna lie, baby, don't you cry  
No saving me  
No saving me

I don't believe in love  
I just believe in us  
I don't believe in love  
I just believe in trust  
I just believe in us

Baby, loyal to you, baby, means you  
Got my love  
Means you got my trust  
(You got my trust, yeah)  
Loyal to you, baby, means you  
Got my love  
Means you got my trust

You just push up on me once again  
Drink in the moonlight, it's fun she said  
Take off these clothes and just jump on in  
Splash, just jump on in, yeah  
Fuck the world, yeah, we won't let them in  
Bad ass chick, hooligan  
Smith 'n' Wesson, we ain't missing  
Splash, just jump on in, yeah

Baby, loyal to you, baby, means you  
Got my love  
Means you got my trust  
(You got my trust, yeah)

Loyal to you, baby, means you  
Got my love  
Means you got my trust

'Cause baby  
Bonnie, Clyde, you're my ride or die  
But lately  
I'm just tryna vibe, cruise through the night  
So save me  
I ain't gonna lie, baby, don't you cry  
No saving me  
No saving me
