Riding paper planes got me so high

But I don't want no drama on my phone line (On my phone line)

Used to have two phones, now I don't no mo' (Don't no mo')
Used to be your main bitch, she ain't your ho no mo' (Your ho no mo')
Used to drive fast, now I'm moving slow for show
Hop up in my Hellcat and I'm getting ghost
Bitches say I do the most, I get brain in every coast
They just run up on me saying how they love me in my [?]
Never seen a bale, but now she wanna smoke
And if her friend looking good, then I'll probably hit 'em both

Baby, I'm the dopest
Told her bring a bathing suit, my crib is by the ocean
Or I can come back to your crib if you ain't got no kids
Handle biz
Might fuck you, but it all depends
Bitch, make me rich

I've been busy with these Backwoods out in Malibu
When I said I got no time, I only got no time for you
Unless you got a friend, then hey, come on through (Yeah)
Feels like these girls just wanna use me
They like my house up in the hills and the jewelry (And the jewelry)
Oh yeah, they seen the way I live, like a movie (Like a movie)
I seen your girl turn into a groupie, yeah
