

Ocean Of Tears

DVBBS

So many lovers ago
You're still my number one
People always tell me time will heal
But they don't know what we
Had was just like a dream
Little did we know it was true love
Wish I knew, wish I knew what I had from the start
Wish I knew, wish I knew

Sometimes I regret that I even met you
That would've saved me an ocean of tears
I keep on swimming right into the deep blue
Still kinda warm in this ocean of tears

Ocean of tears
Ocean of tears

Too many others ago
You're still the one I want
I'm talking to myself or is it you
Still following around
The whispers in the dark
But when I look around I see no one
Wish I knew, wish I knew what I had from the start
Wish I knew, wish I knew

Sometimes I regret that I even met you
That would've saved me an ocean of tears
I keep on swimming right into the deep blue
Still kinda warm in this ocean of tears

Ocean of tears
Ocean of tears
Ocean of tears
Ocean of tears

Sometimes I regret that I even met you
That would've saved me an ocean of tears
I keep on swimming right into the deep blue
Still kinda warm in this ocean of tears

Ocean of tears
Ocean of tears
Ocean of tears
Ocean of tears
