Unless you talking about something
You know this how we fucking coming

SH SH SH SH

Got the party fucking jumping
I pull up stunting
100 Bitches
That's your woman?
SH SH SH SH
We got pipes we ain't jumping
I just got some clips that I'm mother fucking dumping
SH SH SH SH
Bitches all in the jacuzzi
They wanna do me
That bitch she hit the hoochie coochie
SH SH SH SH
I'm with your tia
Watching Scooby and we smoking doobies

I'm rolling papers like diplomas
I'm getting baked like this a sauna
I love all the women different genres
I seen all expensive shit and bought it
Niggas sayin' damn wiz been in his pocket
Breaking down zips and shipping product
They changing up quick cause they ain't solid
To be a boss gotta be around him
Don't like the weather I just change the climate
Out in Cancun reservation private
Leave a couple doobies for the pilot
Got some inspiration for your stylist
I be with some real ones y'all VR
Gotta put my glasses on to see y'all
Smoking on that light green like neon

Been working out it's hard to get her jeans on
With the shit she ain't innocent
Do a split we can benefit
Make em trick
Make that nigga spend
Then you dip
That's what I recommend
