

# The One

DVBBS

And I bet you'll be the one  
To carry me through stormy weather  
And I bet you feel my heart  
Beat rising up like the sun in the summer time

You can be the one who blames it all on me  
But she's my odyssey  
Shes got a hold of me  
Hoes be lurkin birds be chirping on the scene  
Like it's a robbery  
She got my heart you see  
When I saw her, dancing at the party

You gave me your room key  
Meet me there in 30  
Said this wasn't regular  
Life was kinda boring  
You could be the one to  
Fuck me till the morning

And I bet you'll be the one  
To carry me through stormy weather  
And I bet you feel my heart  
Beat rising up like the sun in the summer time

And I bet you'll be the one  
To carry me through stormy weather  
And I bet you feel my heart  
Beat rising up like the sun in the summer time

You can be the one who blames it all on me  
But she's my odyssey
