Lambo parked in a driveway in a mansion
Stacked on pasos
All in the house safe
Still in that race
Getting close to the finish line

It was only one night and now she wanted romance
She put my hands on her side and said she want to slow dance
My little baby she a freak ting
Baby we can cheat but we can not hold hands
Take her to the room and hit it like I am her man

[?] and I hit her bottom
She scream wow
We did skip all of the convo
She a freak hoe

Deep in it she say it's too good like a cheatcode
Got my clothes and I leave I ain't stunting no hoe

Brand new Ferrari I'm swerving and dodging the boys
Go to the party they turn up when they hearing my voice
Gotta make sure that my bills paid
If they play Ima bounce out with they baby cake

I like to hit it all night I ain't no minute man
And when she climb up on top I tell her slow it down
Tapping out she got the youngin going hella rounds
But I can't deal with lil pain because it ain't a thing

Want me and two freaks in a Bentley
They said they want to be my wifes but I ain't got no time
They want to rock diamond rings and that Fendi
So after I drop her off I delete her line
I know you can't trust that bitch I know how the game go
Cuz they don't want you they just want your bands
You know I can't trust a soul I can't have no friends bro
Because your friends be the ones to snake you in the end
