

Warmth

DVBBS

Rain in November
The leaves grow dark
With my forehead
Down into my arms
Down into my arms

I feel that pain
When I had not
Don't stop me
I'm chasing that storm
I miss you so much

And all I need
Is just a little warmth
And all I need
Is just a little warmth

I've been
Waiting so long
To feel like
I'm coming home
And all I need
Is just a little warmth

Is just a-
Is just a-
Is just a-

Energy
Energy
Energy
Energy

Feels like forever
Since I felt safe
There's no more together
And I'm losing faith
I'm losing faith

I keep on running
To somewhere far
Somewhere I
Can feel my own heart
I miss you so much

And all I need
Is just a little warmth
And all I need
Is just a little warmth

I've been
Waiting so long
To feel like
I'm coming home
And all I need
Is just a little warmth

Is just a-
Is just a-
Is just a-
Is just a-
