

## Can You Take It (Interlude)

dvsn

Yeah, no  
Don't you say a word, ooh  
Don't you say a word

No phones in the bedroom  
It's been the rules since I met you (Since I met you, yeah, yeah)  
Just me, your risin' silhouette (Oh, oh)  
It's been hours, you still wet (Oh, oh, oh, sheesh)  
And if you wanna know, really know what I think about, I think  
about you (I think of you)  
I hate it when you go, love it when you come  
Lookin' for new come up and I dip into you (Love it when you come)  
All on your side when I slide (Ooh)  
And your head turned how I like (You know how I like, yeah)  
Think I'm fallin', fallin', fallin' for you (Fallin' for you, oh  
oh yeah)  
'Cause I only want it, want it, want it from you, babe (Oh yeah  
, yeah)

Now can you take it? Can you take it? (Oh, oh)  
Now can you take it? Can you take it? (Oh, oh; said, my love, I  
wanna give it to you)  
Can you take it? Can you take it? (Yeah)  
Can you take it? Can you take it? (Take it)
