

Can't Tell

dvsn

Ooh, I hope you're on your way
Ooh, you said you're on your way
Ooh, pullin' up old messages, memorizin', ooh
Don't wanna forget a thing, we talkin' that shit and
I got to admit it, the thought of you on top of me
Gets my curiosity, in different way
Than I've ever had before, ooh

I make you be down as hell, hope that you wearin' Chanel
I got unusual needs, I'm hopin' that you can help
Are you as freaky as me?
I don't know, I can't tell with you (With you)
Fuckin' you up like a G
You better not be a tease
Tell me 'bout your fantasy
I take it seriously
Are you as ready as me?
I don't know, I can't tell with you (Oh-oh, oh, oh, oh-oh)

Thick with a whole lotta ass
Stoppin' the pic' with the flash
I might just send you a flight
I might just do it tonight
Walk in that see-through dress
Showin' off ass and breast
Swear it's way more than the sex
You told me, "Boy, you a mess" (Ooh)
I like all them pics you postin' (Woo)
We made plans, let's put 'em in motion (Ayy)
Brand new foreign, ayy, put it in turbo (Skrr)
Tongue on me, goin' in circles

I make you be down as hell, (Ooh, woah), hope that you wearin' Chanel (Ooh, woah)
I got unusual needs, I'm hopin' that you can help
Are you as freaky as me?
I don't know, I can't tell with you (I can't tell with you, I can't tell, with you)
Fuckin' you up like a G (A G)
You better not be a tease (Be a tease)
Tell me 'bout your fantasy
I take it seriously
Are you as ready as me?
I don't know, I can't tell with you (I don't know, I can't tell, I can't tell with you, yeah)

Pisces gang, my horoscope say we some freaks
I'ma think you cheatin' if we only fuckin' once a week
Don't play with the words, "I love you"
Don't play with the words, "You stuck with me" 'cause
I'ma hit it raw, expect a baby when you fuck with me
Eat it, beat it, babe, I need it, I want it more 'cause you conceited
I'm a demon but you got Jesus and it's almost cuffin' season
My life seem like, it's missin' somethin', I think you complete it
You a winner so fuck with a winner (I wanna know, ooh), let's be undefeated,
yeah

I make you be down as hell, hope that you wearin' Chanel (I wanna know, yeah
, yeah)
I got unusual needs, I'm hopin' that you can help
Are you as freaky as me?
I don't know, I can't tell with you (With you)
Fuckin' you up like a G
You better not be a tease
Tell me 'bout your fantasy
I take it seriously
Are you as ready as me?
I don't know, I can't tell with you (Oh-oh, oh, oh, oh-oh)
