

Greedy

dvsn

Tell me when you're ready
I'll be there when you're ready for me
You're just a queen on a king bed
I can be your throne for the evening
Hit me up and I'll pick you up
I love how you're versatile
I love the way you switch your positions up
First, one leg in the sky now they're both on a ride
You gotta come through
Like that time in Toronto

Feeling like I'm touching on you when I'm not around
Girl it's something like voodoo
Can't even compare that body to nobody else
They don't do it like you do, you do

(You know) What you want
(You know) What you need from me
(You know) It's all about you
(You know) It's your turn to be

Greedy, greedy, greedy
It's okay to be
Greedy, greedy, greedy
(Greedy)

We're having sex and taking trips
So we're cumming and going
Love this relationship and all the things you show me on the regular
When I'm on my knees, it's just to pleasure you
I'm okay with looking like I'm begging though
I put diamonds all over your pedastal
Now your body numb, it's like an edible
Your gummy in my mouth tastes incredible
Just to let you know

(You know) What you want
(You know) What you need from me
(You know) It's all about you
(You know) It's your turn to be

Greedy, greedy, greedy
It's okay to be
Greedy, greedy, greedy
(Greedy)

Your turn to be, yeah
Oh
Said it's (Your turn, your turn)
It's all about you, yeah
(Said it's your turn, your turn)
Round after round, you're losing your count
(Said it's your turn, your turn)
As soon as you finish you know it's still your turn
