

# Keep It Going

dvsn

We want to welcome everybody to the after hours

You know I've been busy (One more time)  
You know I've been busy

You know I've been busy tryna figure my shit out  
It just seems like you don't understand  
I know you try hard just to be understanding  
But you lose your cool  
Yes, you lose your cool, but it's fine

Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it 's fine  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it felt right (Keep it, keep it)

I don't want there to be conflict  
You come with that nonsense  
Drop it (Drop it)  
We should change the topic  
I don't know where we stand  
It's like we don't make amends  
You know I'm tryna be a friend  
We could end up on a good vibe  
Just us, no pride  
Good sex, more times  
We go till morning, that's fine  
That's fine  
Why you wanna keep on that bullshit?  
Why you can't stay in the moment?  
I can't lose my mind tryna read somebody else's  
Let's keep it goin'

You know I've been busy tryna figure my shit out  
It just seems like you don't understand  
I know you try hard just to be understanding  
But you lose your cool  
Yes, you lose your cool, but it's fine

Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it 's fine  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it felt right (Keep it, keep it)

Why do you wanna be difficult?  
Could be easy, but you're insecure  
You say I made you that way  
You seem easily swayed  
Then you bring up things from back in the day  
And damn, that shit annoying  
You think I didn't notice?

I don't wanna force it  
But, let's keep it goin'

Keep it goin' (Don't stop)  
Keep it goin'  
Keep it goin' (Don't stop)  
Keep it, keep it goin'  
Keep it goin' (Don't stop)  
Keep it goin'  
Keep it goin' (Don't stop)  
Keep it, keep it goin' (Shake it)  
Keep it goin' (Shake it)  
Keep it goin' (Keep shakin')  
Keep it goin' (Shake it)  
Keep it, keep it goin' (Keep shakin')  
Keep it goin' (Shake it)  
Keep it goin' (Shake it)  
Keep it (Shake it, shake it)

You know I've been busy tryna figure my shit out  
It just seems like you don't understand  
I know you try hard just to be understanding  
But you lose your cool  
Yes, you lose your cool, but it's fine

Keep it goin', it felt right (Keep goin')  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it 's fine (Let's keep it)  
Keep it goin', it felt right  
Keep it goin', it felt right  
Keep it goin', it felt right (Keep it, keep it)
