

## Outside

dvsn

We been inside too long  
For me to be outside of you, huh  
You done made the drink too strong  
Wanna keep me all night with you  
Now show me somethin', show me somethin'  
Show me somethin' (Show me somethin')  
Show me somethin', ah-oooh-oooh (Ooh)

Girl, I came all this way  
Now it's time for you to show me what it do  
You told me, "Boy, destroy this pussy," that's abuse  
Girl, I could tell you had some kill by the way you walk  
Knew you wouldn't do no cappin' by the way you talk  
Told me, "Make sure the door locked"

We been inside too long  
For me to be outside of you, huh  
You done made the drink too strong  
Wanna keep me all night with you  
Now show me somethin', show me somethin'  
Show me somethin' (Show me somethin')  
Show me somethin', ah-oooh-oooh

Won't you show me somethin'?  
You owe tonight to yourself  
Don't you ever feel like you owe me nothin'  
I got it all planned the way that you like  
Hate when I'm late, but you like me behind  
Use your head on me, make up your mind  
Cold in the streets and it's warmer inside  
(Missin') You

We been inside too long (Too long)  
For me to be outside of you (Oh)  
You done made a drink too strong (Too strong)  
Wanna keep me all night with you  
Show me somethin', show me somethin'  
Show me somethin' (Some)  
Show me somethin'

Turn her to the side  
I'm tryna see somethin' (Tryna see somethin', baby)  
Don't say what's on your mind  
I'm tryna read somethin'  
Don't make me wonder like Stevie  
I'm tryna see somethin' (Yeah, yeah, yeah)  
When I'm gone, when it's deep, I'm tryna reach somethin'  
Light-headed off the dark liquor  
You like that I be comin' from the street  
But you can tell that I'm a smart nigga  
Still a good-heart-nigga, tear-that-pussy-'part-nigga  
Trust enough to go raw-dog with you
