Touch you, touch you, touch you  
Tell me, what's your policy?  
Touch you, touch you  
I can hear your body callin' me  
Touch you, touch you, touch you  
Let me know if I ain't supposed to  
Touch you, touch you  
'Cause I really wanna put my hands all over you  
Touch you, touch you, touch you (Ooh, yeah)  
We don't need no privacy  
Touch you, touch you  
'Cause I can hear your body callin' me, yeah  
Touch you, touch you, touch you (Yeah)  
Let me know if I ain't supposed to, yeah  
Touch you, touch you  
'Cause you make me wanna put my hands all over you

We're all here at Magic  
Lookin' for the one, I've got  
Lemon pepper wings and some Casamigos  
But it's you I want

Rollies and Pateks will tell you who has it  
They just be fuckin' for status  
I don't want nobody mid, baby, I need the baddest  
As soon as I see you, the vibe's automatic, yeah  
Got a little more ass than I'm used to  
Gotta throw a couple dollars 'fore I lose you  
I be movin' like your number one fan now  
All I really wanna know now is can I

Hope there's not some other guy that you rather be on

They just be fuckin' for status

As soon as I see you, the vibe's automatic, yeah (Woo)  
'Cause I already chose you  
Pour another shot of that liquor, let's make a toast to  
The fact that we'll be leavin' together like we're supposed to  
And every minute that we're together, I'm gettin' close to
