

# She Said

dvsn

Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud  
Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud

Plenty girls are wild  
But you look like you might want me to settle down  
I ain't in the mood, no  
You say that I'm cold, I only tell the truth  
Waking up to strangers, make me feel the safest  
I ain't gotta deal with any expectations  
I've been with your friends  
I only entertain 'em for my entertainment

Does it make you think about the things you've done? (She said)  
'Cause I really want, I really want you  
And I know you hate the person I've become (she said)  
But I gave it all, I gave it all, I gave it all for you

Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud  
Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud

You say I'm so nice, but you're one of my vices  
I can steer you right but I won't take advice  
For myself, give that to somebody else  
(Turn that bass up loud)  
You made me the way I am, so young, so reckless  
I ain't like your friends, I really hate the cycle  
Tell me, does it...

Does it make you think about the things you've done? (She said)  
'Cause I really want, I really want you  
And I know you hate the person I've become (she said)  
But I gave it all, I gave it all, I gave it all for you

Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud  
Turn the bass up  
Turn the bass up  
Turn the bass up  
Turn that bass up loud

Oh-oh, she said
