

Astro Boy

Dwarves

Well, death is like a woman
Drinkin' rocket fuel
I'll get a little bomb,
and detonate on my school
This galaxy's forgettable
This galaxy's a trip
I've found the meaning of my life:
It's sodomizin' slit

I am the Astroboy
I am the Astroboy
I
I am the Astroboy

Remember death comes anyway,
and torture, that's usually free
Death instantly!
That don't identify me

Eh!
I am the Astroboy
I am the Astroboy
I
I am the Astroboy

Well now, in this world the headlines read
Of those who's hearts are filled with
They rob and steal from those who need
To run this world with bodies beat
Astroboy!

Eh!
I
speed!
