

# Blag The Ripper

Dwarves

On the street in this town  
All the meat hanging round  
And I watch  
And I watch  
From my window  
Oh but they don't know  
Said they don't know  
Yeah well they don't know  
No they don't know  
Life is just an open sore  
Suffocation nothing more  
Used to date the teenage queen  
Did her upon her sweet sixteen  
I'm Blag the ripper  
Blag the ripper  
Blag the ripper  
I'm Blag the ripper  
Girls are dying on my block  
Needle marks inside their hearts  
And where the highway roars  
I totaled the local whores  
I'm Blag the ripper
