

Irresistible

Dwarves

I had for a lifetime , no more
You shouldn't be here
But you know
You ain't seen nothing yet

Having a life, fantastic
Straight to the joy
Shooting boys and right into your heart
And right into your heart

Irresistible, irresistible,
Just call me irresistible

You might be from the street
Don't you know I don't mind you completely

Irresistible, unpredictable
Just call me
I don't want you for the lifetime
I don't want you for the lifetime
I don't want you for the lifetime
Just call me irresistible
