

## Sluts Of The USA

Dwarves

We are the sluts of the USA  
We are the sluts of the USA  
And we can fuck and we can suck and we can bust a nut  
We wouldn't have it any other way

Well I can die on that front door but never quit  
Never so smart, pop tart, god, I'm shit  
Got 'em shitting like a girl how get all tight, take your number  
Cause your air pranks got crack  
Dropped diploma down the drain pipe, late night, easy action  
On a D quip day dream check the action  
And it's too late, can't wait for the last goodbye  
Getting on your bikes and take a ride  
We got Jesus on our side  
And we'll never live to see it when we'll die

We are the sluts of the USA  
We are the sluts of the USA  
We are the sluts of the USA  
We are the sluts of the USA  
And we can fuck and we can suck and we can bust a nut  
We wouldn't have it any other way  
We are the sluts of the NSA  
We are the sluts of the USA  
And you can fuck and you can suck  
But don't fuck with us  
?? Cause we'll bury you under this crane ?!
