

Trace Amounts

Dwarves

Trace amounts of cocaine were found
Everywhere that she'd hang around
We implored her like "Hey, slow down!
You'll get corrupted and bang some clowns!"

She didn't think he was dangerous
In fact he mighta been famous once
But now she's hustling tricks
And {???) who do porno flicks

Sometimes she'd wonder why he'd tell her fly
New Jersey was a guy
Who said he was her daddy in a caddy riding by

Sometimes she'd reminisce and slit her wrists
Just looking for a kiss
And filming scenes of torture in a Porsche riding by
She's high forever
High forever
And forever high

Trace amounts of cocaine were found
She convulsed and then hit the ground
We exhorted like "Hey, wake up!"
And then the coroner zipped her up

Trace amounts of cocaine were found
When they buried her in the ground
{???)
And then we hit the club, drugged out again

'Til then she's high forever
High forever
And forever high
