

More Than A (Interlude)

Dwele

You're more than a pretty face
Pretty eyes, perfect lips, a perfect waist
Them flapjacks keep a nigga in place
Not much to hate about you

Why wouldn't I wanna love you
I sample you just to remix you
What's not to love about you
That's what I love about you

Why wouldn't I wanna love you
I sample you just to remix you
What's not to love about you
That's what I love about you
