Krooked kop leave me alone

Go find someone else to run your game on yea

Go and tell po watchin my spot

If you dont live here then you dont belong in my neighborhood

You dont belong in my neighborhood no no no

Oh royal lauder of

Fraternity brothers

Is really just a game oh yea

Youd like to hang around and beat brothers down

But you dont wanna change things oh no

It must be a prerec ya

Gotta be on a power trail

For you to even join the force

You gotta hate black of course

Wont be that way in the future

Cuz no ruler reigns forever

What will you do when

Its over watcha gonna do when the partys over yeeeah over yes

Go find someone to run your game on

Go find someone to fool around with

Go and tell po watchin my spot

If you dont live here

Then you dont belong in my neighborhood
