

Snake Charmer

Dwellings

Have you waited too long?
Is the topic all wrong?
Did you steer off the course?
If it feels like I'm forcing this I'll go
To the end of the rope, to the butt of the joke
To the end of the rope

So easily you walk away
The look on your face was priceless
Now don't be dramatic, your heart rate is panicking me

Is it easy to be oblivious to every little serious thing?
And even to not know when one is merely mocking or joking
How far did you think I would go?
To the end of the rope, to the butt of the joke?
Well, tell me, is this too close for comfort?

There is no truth to a snake charmer who can't play a tune
Who repents and sins again soon
Wearing disguises like armor
Your intention is on blank ambitions followed by dumb decisions
You can't keep your guard down much longer

Have you waited too long?
Is the topic all wrong?
Did you steer off the course?
If it feels like I'm forcing this I'll go
To the end of the rope, to the butt of the joke
To the end of the rope
To the butt of the joke

Lay all the ground work down
Set traps in bigger holes
Let all the weak ones drown
Further than ever before
Lay all the ground work down
Set traps in bigger holes
Let all the weak ones drown
Further than ever before, than ever before

I don't think about anything at all
You're not on my mind
Not a single thought
I won't give you a shot
Leave it all alone
Leave it all behind, leave it all behind

Have you waited too long?
Is the topic all wrong?
Did you steer off the course?
If it feels like I'm forcing this I'll go
To the end of the rope, to the butt of the joke
To the end of the rope

Have you waited too long?
Is the topic all wrong?
Did you steer off the course?

If it feels like I'm forcing this I'll go
To the end of the rope, to the butt of the joke
To the end of the rope, to the end of the rope

Have you waited too long?
Is the topic all wrong?
Did you steer off the course?
Does it feel like I'm forcing this?
I'll go

Lay all the ground work down
Set traps in bigger holes
Let all the weak ones drown
Further than ever before
Lay all the ground work down
Set traps in bigger holes
Let all the weak ones drown
Further than ever, and further than ever before

Lay all the ground work down
Set traps in bigger holes
Let all the weak ones drown
Further than ever before
