

Believe

Dwight Yoakam

If I could I'd take us back
To where we were
When we didn't need to be

Anyplace but deep inside
The moment love first came to life and see
There's a way lost hope can lead
To help find that memory
Baby if you just believe

A yearning heart can
Teach us how
Regret is hope
We haven't learned to see
Even in the total dark
I know we can find a spot with dreams
The first step back up off the ground
Is letting go of what held us down
And then just to believe...

Words they just get in my way
When really all I'm tryin' to say is
Believe

If I could I'd take us back
To when our hearts were both boldly free
But words they just get in my way
When really all I'm tryin' to say is

Believe
Believe...
Believe...
Believe...
Believe...

Yeah words can just get in the way
When all I ever meant to say is
Believe!
