

# I Don't Need It Done

Dwight Yoakam

Honey you sure do it well  
But I don't need it done  
I know if I did it with you  
It'd be a whole lot of fun  
I'll send my regrets  
Oh but I won't hedge my bets  
I found a real true love  
Now I don't need it done

Baby you sure look fine  
But I don't need it done  
So I won't waste your time  
Better let you run  
I'll just move along  
Oh I don't mind waking up all alone  
'Cause I found real true love  
Now I don't need it done

I don't need it done  
Lord, I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

I don't need it done  
I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

Well it's been a long day all right  
But I don't need it done  
You say I could stay all night  
Until the morning comes  
It's not easy but  
I've got to give up all you got  
Yeah I found a real true love  
Now I don't need it done

Don't need it done  
I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

I don't need it done  
I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

Don't need it done  
I don't need it done  
Yeah, I found a real true love  
I don't need it done

I don't need it done  
I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

Don't need it done  
I don't need it done  
Yeah, I found a real true love  
Now I don't need it done

Don't need it done...
