

# I Spell Love

Dwight Yoakam

I spell love  
L-O-V-U  
I spell love  
L-O-V-U

Without you I'd stumble through  
Each day alone  
Without you this house is just  
Empty space, it's not a home  
That's why I spell love  
L-O-V-U

I heard in France that they all  
Say amour  
Well okay as long as that still  
Means to forever adore  
'Cause that's why I spell love  
L-O-V-U

The world I made  
Such a vacant place  
A life lived alone  
Left for a joy  
I'd never known  
And that's why I spell  
Love  
L-O-V-U

Now this journey is shared  
Through your eyes  
And each morning awakes  
To show new reasons why  
I spell love  
L-O-V-U  
I spell love  
L-O-V-U
