

# If Only

Dwight Yoakam

If only you imagine what our  
Hearts could see

Oh I know  
Yeah I know  
Hey I know  
Yeah I know  
Oh that your sweet soul-filled eyes  
Could rescue me

If only you imagined what our  
Hearts could see  
If only you imagined just one time  
Then if only you imagined  
That once more with me  
The love that we could have  
Would be so fine

A love oh so big  
And so fine  
A world wrapped in love  
All yours and mine  
A love that can live  
Beyond time  
Yeah the love we could have  
Would be so fine  
Hey

If only you imagined what our  
Hearts could see  
Oh if only you imagined just one time  
Then if only you imagined  
That once more with me  
The love that we could have  
Would be so fine

Hey if only  
Oh if only  
Yeah if only  
You would choose  
Yeah if only  
Oh if only  
If only you'd choose love  
Love would choose you  
Hey hey hey

Hey if only  
Oh if only  
Yeah if only  
You would choose  
Yeah if only  
Oh if only  
If only you'd choose love  
Love would choose you

Hey if only you imagined what our  
Hearts could see

Oh if only you imagined just  
One time  
Then if only you imagined  
That once more with me  
The love that we could have  
Would be so fine

Yeah if only you imagined what our  
Hearts could see  
Oh if only you imagined just one time  
Then if only you imagined right  
Along with me  
The two of us I know  
Would be real fine  
Yeah yeah the two of us I know  
Would be so fine  
Oh yeah if only you'd choose love we'd  
Be so fine
